CARD ACQUIRING PROCESSING

Full service card acquiring processing services for financial institutions & acquirers.

Wirecard Group offers high-performance and tailored Acquiring Processing Services together with Service Business Process Outsourcing to Card Acquirers & Financial Institutions. The Wirecard acquiring processing platform is an open, multi-service environment allows acquirers to utilize dedicated acquiring processing building blocks as white labeled services.

Wirecard is connecting and managing all major credit card schemes such as Visa, MasterCard, Maestro, JCB, Amex, Diners Club, Discover. This allows acquirers and financial institutions to flexibly outsource parts or even the complete processing operations – saving cost and concentrating on the core financial services within the merchant and consumer network.

BENEFITS
